

Maxillaria brevilabia *Ames & Correll nom. nov.*

Ornithidium Alfaroii Ames & Schweinfurth in Sched.
Orch. 10 (1930) 98, non *Maxillaria Alfaroii* Ames &
Schweinfurth.

This species has been found only in Costa Rica where
it grows on trees in forests up to 1800 meters altitude.

The specific name is in allusion to the relatively short
lip.
